

Environmental Policy

Embelton is committed to delivering high quality and innovative products & services whilst supporting and promoting environmental sustainability.

This commitment means that Embelton will ensure:

- That our staff are trained in Quality and FSC Chain of Custody principles.
- We comply with all relevant legislative requirements, including applicable Acts, Regulations, and standards;
- We understand and manage our environmental risks with the goal of minimising or eliminating those risks;
- All raw materials, in-process jobs, finished product, including items awaiting despatch and installation, shall be correctly identified as FSC Chain of Custody product as applicable;
- We implement and maintain the Chain of Custody, Social and Health & Safety requirements in accordance with FSC principles;
- We avoid uncertified wood from controversial sources.
- That any environmental claims made by the company regarding the product in the future will be verified using ISO 14021 and/or the GECA certification.

Furthermore, the company will not be directly or indirectly involved in the following activities:

- Illegal logging or the trade in illegal wood or forest products;
- Violation of traditional and human rights in forestry operations;
- Destruction of high conservation values in forestry operations;
- Significant Conservation of forests to plantations or non-forest use;
- Introduction of genetically modified organisms in forestry operations; and
- Violation of any of the ILO core conventions, as defined in the ILO declaration on fundamental principles and Rights at work 2022. Embelton is committed to implement and maintain the Chain of Custody, Social and Health & Safety requirements in accordance to FSC standard, FSC policy on association FSC-POL-01-004 (V2-0) Standard.

Embelton is proudly a FSC accredited business.
