

# MEDICAL DEVICE AUDITOR CMDA

---

## WHO SHOULD CERTIFY?

The Certified Medical Device Auditor is a professional who understands the principles of standards, regulations, directives, and guidance for auditing a medical device system while using various tools and techniques to examine, question, evaluate, and report on that system's adequacies and deficiencies.

A medical device auditor analyzes all elements of the system and reports on how well it adheres to the criteria for management and control of process safety.
