

KAIA

TIMELESS LIGHTING OBJECTS - HANDMADE IN AUSTRIA AND GERMANY

Kaia is timeless elegance and purity often wrought in geometric perfection and rigorous design.

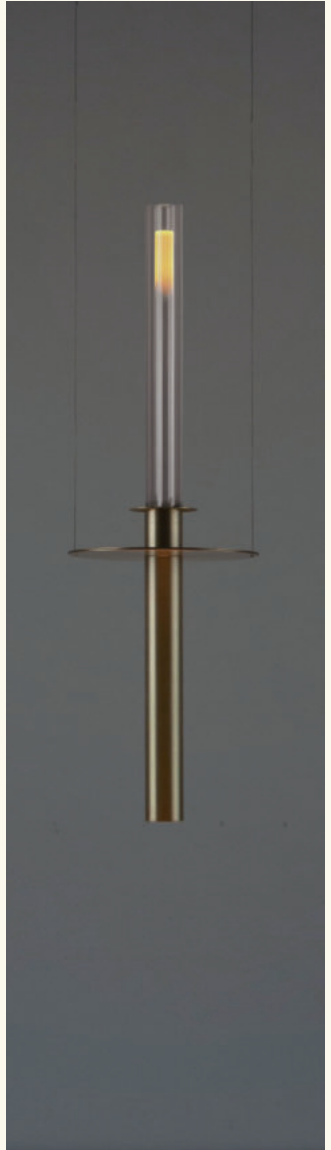

Our design process is a continuous journey with no beginnings and no endings, a circle: with the light off you respond to it as an aesthetic object; with the light on, you value its function.

Kaia honours the construction of its objects and we love to explore new materials. Where a screw is required it is openly displayed. Designed with the presence of each element in mind from the excellence of traditional craftsmanship to the use of the very latest technology.

Created objects of harmony, born out of function and honesty.

Sustainability is at the core of our values.

In an industry that is saturated in mass-production we strive to use natural and reusable materials, create made-to-order, timeless products and use techniques that champion artisan tradition.
