

KAIA

EMPYREAN

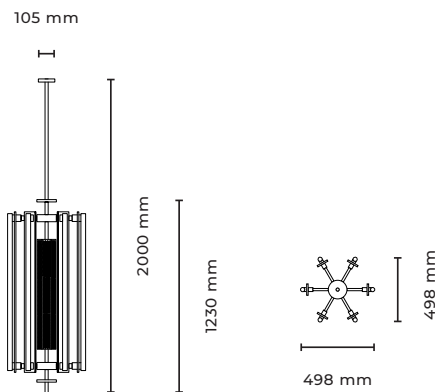

Designed by KAIA x GSL
2024

The 'Empyrean' presents a meticulously crafted cinematic ambiance, using the evocative power of light to capture a timeless dimension.

Within the installation, two influential inspirations are merged: the technical prowess of Art Deco and the mystique of sacred geometry. Through the innovative use of KAIA's iconic LED tubes, a dynamic and enthralling environment is orchestrated. A focal point of the display is the Empyrean chandelier, adorned with a 'starburst' motif reminiscent of esoteric rays of light, invoking feelings of transcendence and the sublime when viewed from above.

EMPYREAN

Type	Ceiling light
Material	Stainless Steel
Environment	Indoors
Dimensions	2000 x 498 x 498 mm
Weight	48 kg
