

OVERVIEW

Introducing MURO our specially designed LED Oval Marker Courtesy and Step Light, perfect for subtle illumination in steps and pathways where low lighting is desired. Built for both form and function, this IP65-rated light is suitable for dim applications, offering a gentle, darkened output that enhances ambiance without overpowering. Available in White, Blue and a dimmed darker White, this durable light is built to withstand outdoor conditions, offering high resistance to dust and water. Ideal for steps, courtesy lighting, or pathway indicators, this light adds a layer of safety and style.
