Product

4

Product

Organic cotton

We create products that use almost exclusively organic cotton that is responsibly sourced

Premium Quality

If it doesn't last, it's not sustainable. Everything is guaranteed for 2 years

Certified

We don't just say it, we certify the responsible practices of our supply chain's production

Recycled

Where we must add polyester to our products, we opt for recycled polyester or nylon

Sustainable fashion

We believe in the power of sustainable fashion, which is why we source our organic cotton from eco-friendly farms that promote responsible cultivation practices, free from harmful pesticides and chemicals. We only work with suppliers and manufacturers that adhere to European standards for human rights.

The process

Meeting/call

Chat to us so we can understand your needs. If you don't find what you're looking for in this brochure, we'll make your requested products from scratch.

Design phase

Give us some ideas of design, we'll supply you with a detailed proposal of design mockups. We'll continue to iterate until you're entirely satisfied with the look of your products.

Production

Upon receipt of your 50% deposit, your products will go into production. Production is around 3-6 weeks depending on product choices.

Samples

You'll have an opportunity to see samples of your products before we go into production, either finished samples or stock samples.

Delivery

We'll deliver your products to you. Your final deposit is due upon delivery.

Feedback

We're always looking to improve and so after you've received your order, we'll follow up to get your feedback.

collection

01

POWERED BY RENEWABLE ENERGY

Renewable energy powers the production of the base product, contributing to cleaner environments and fighting climate change. In times of surplus, energy not needed for production is directed to local networks.

MADE WITH FAIR TRADE COTTON

The Fairtrade Certification Mark is your independent guarantee that the cotton in this product has been certified in accordance with international Fairtrade Standards.

GOTS CERTIFIED ORGANIC COTTON

The Global Organic Textile Standard (GOTS) is recognised as the world's leading processing standard for textiles made from organic fibres. Inspected by Control Union, the GOTS certificate defines high-level environmental criteria along the entire organic textiles supply chain and requires compliance with social criteria as well.

EU ECO PRODUCT

The official EU label for Greener Products. Eco-labelled products have a comparatively modest impact on air, water, soil, quality, natural resource consumption, global warming and biodiversity.

MADE ETHICALLY

SA8000 is based on the principles of international human rights norms. The WRAP Certification Program's objective is to independently monitor ensure that sewn products are being produced under lawful, humane and ethical conditions.

POSSENIA Neutral

Our streetwear Neutral range is made to the highest standards of sustainability and ethics, guaranteed to meet the highest quality standards. Base product is manufactured in India. Your final product is finished in Poland. All decoration, printing, customization takes place in Poland.

FAIR WEAR

Fair Wear Foundation is an independent organisation that works with apparel brands to improve labour conditions in garment factories. They carry out audits in our partner factories on a regular basis, and establish Corrective Action Plans (CAPs) where needed to ensure workers' rights and safe, dignified, and properly paid employment.

GRS CERTIFIED

The Global Recycled Standard (GRS) is the world's leading standard for recycled textiles. The standard applies to the full supply chain and addresses traceability, environmental principles, social requirements, chemical content, and labelling.

GOTS CERTIFIED ORGANIC COTTON

The Global Organic Textile Standard (GOTS) is recognised as the world's leading processing standard for textiles made from organic fibres. Inspected by Control Union, the GOTS certificate defines high-level environmental criteria along the entire organic textiles supply chain and requires compliance with social criteria as well.

OEKO - TEX

The official EU label for Greener Products. Eco-labelled products have a comparatively modest impact on air, water, soil, quality, natural resource consumption, global warming and biodiversity.

MADE ETHICALLY

The WRAP Certification Program's objective is to independently monitor ensure that sewn products are being produced under lawful, humane and ethical conditions.
