

### GDZ-22

|                |            |  |
|----------------|------------|--|
| Power          | 0.7 kw     | Weight: 39Kg                                   |
| Voltage        | 220 V      | DR Nut: DR40                                   |
| Current        | 4.0 A      | Cooling method: air cooling                    |
| Frequency      | 333 Hz     | Bearing lubrication method: grease lubrication |
| Rotating speed | 20000r/min | High-precision bearing: 1×6003NSK 1×6002NSK    |
