# CUSTOM PRINTING WITH THE YOUNG LIFE STORE

Your ideas, brought to life! That's what custom screen printing with the Young Life Store is all about. Our talented artists can take your concepts and create beautiful, print-ready designs. Best of all, **the design process is totally free** as long as we print the shirts.

**What do we need to get started?** Just send us your idea. A drawing on a napkin, a digital image you made, or even just a description is enough to get started.

Helpful Tips:

- **Know what you want.** The more sure you are about what you want to print, the better and quicker the design process typically goes. It can be helpful to have several people (staff and kids) provide input on the concept even before we begin.
- **Know what you need and when.** Collect sizes early on and give us a deadline as soon as possible.
- **Plan according to your budget.** Fewer print colors and locations keep costs down though while sometimes appealing to more people. However, multiple print locations, very detailed designs, and premium garments are all things we do. Go crazy... if you want! We will also help you choose from the many different clothing styles to find the best deal that fits your needs.
- **Start early.** Designing often takes longer than you think. Also, production and supply chain delays are certainly an issue to take into consideration.
