CELLU M6® - LPG ENDERMOLOGIE

CELLU M6® LIPOMASSAGE

The international scientific community recognizes that Endermologie® treatments provide intensive cell stimulation: the ultimate solution for natural, visible and lasting results.

Cellu M6® Full Body Wellness Lipomassage 60mins | \$1,280

This treatment is designed to slim the figure and eliminate resistant fat pockets that refuse to budge with weight-loss, diets and exercise. The deep, targeted action of the deep Roll'in skin fold, reaches the very core of adipose fat tissue to engage the receptors responsible for lipolysis, and fat elimination. The figure is slimmer and the stubborn fatty areas are finally erased.

Cellu M6® Lipomassage 45mins | \$980

This treatment is designed to act on saturated tissue. The combination of light pressure with soft pumping movements, boosts and recirculates, sluggish lymphatic exchanges. The microcirculation is revitalized; venous and lymphatic exchanges are restored and improved, allowing the body to naturally eliminate toxins. Focus on slimming and sculpting of 2 or 3 parts of your body.

Cellu M6® Endermo Sport Recuperation Treatment 45mins | \$980

A comforting deep tissue massage after an intensive workout. The very relaxing LPG Roll technique, thoroughly stretches and conditions muscle fascia to drain away toxic lactic acid, increasing tissue suppleness and relieve muscle aches and pains.

+16% average increase in muscle mass

- Patented HIFEM™ technology penetrates 7cm* muscle tissue, using high-frequency contraction signals to directly trigger motor neurons
- Up to 20,000 extreme muscle exercises in 30 minutes
- Exceeding ordinary exercise, causing a large number of muscles to produce high-frequency contractions
- Instant muscle gain

-19% average fat reduction

- With extreme muscle exercise, it quickly increases the demand for fat cell energy consumption
- Fatty acids are broken down by triglycerides and flow out from fat cells, reducing the size of fat cells
- When the concentration of released fatty acids is too high, it induces fat cell apoptosis and reduces the number of fat cells
- Double cellulite effect, more prominent shape modification effect

VELASMOOTH PRO

Try the latest in 4-in-1 technology for body contouring & cellulite reduction treatments!

Velasmooth Pro is a non invasive, body contouring and cellulite reduction treatment that synergy 4 technologies (Bipolar Radio Frequency, Infrared Light, Vacuum, Mechanical Massage) in 1 system. It uses vacuum technology to facilitates fibroblast activity that diffuses oxygen precisely to deeper layer of skin, while infrared light and bipolar radio frequency energies gently heat fat cells, connective tissue, and dermal collagen fibers.

This efficient heating stimulates the growth of new and better collagen and elastin, resulting in localized reduction of skin laxity and body volume. For optimal results, we recommend 4-6 treatments to see a visible effect in less than a month.
