RS3 Wood Football Table · Rafael Rodríguez

The RS3 Wood is the natural progression of our determination to push the boundaries. We've incorporated wood in our football tables and the outcome is a warm and friendly, more contemporary design. The secret lies in the mix, in achieving the balance between the elements so that each one gives its best. We do not choose just any wood. The choice is iroko, a wood suitable for outdoors, that like metal, it's extremely durable and hardwearing, an essential requirement in our range of football tables. The essence remains intact, so you can enjoy the game without having to compromise on design.

RS3 Wood es la evolución natural de nuestro empeño por seguir probando e ir más allá. Introducimos la madera en nuestros futbolines y el resultado es un diseño cálido y cercano, más contemporáneo. El secreto está en saber mezclar, en alcanzar el equilibrio entre los elementos para que cada uno dé lo mejor de sí. No escogemos una madera cualquiera. La elegida es el iroko, una madera de exterior que comparte con el metal su gran resistencia y durabilidad. Dos requisitos fundamentales para formar parte de nuestro equipo de futbolines. La esencia sigue intacta para disfrutar del juego sin renunciar al diseño en una pieza nacida para vivir al exterior.
