HEATHER DONOHUE CRAFTS

Inspired by the beaded Christmas stockings and tree skirt her mom and gram made, local artist Heather Donohue now makes vintage-inspired stockings and tree skirts herself. Using wool-blend felt, sequins, beads, and a dash of nostalgia, her creations include felt renderings of favorite Christmas gifts and decor, family pets, and once, even a beloved breakfast sandwich. A selection of her stockings, ornaments, and estate sale finds will be available this holiday season at Rock Paper Scissors Goods, 2403 Lyndale Ave S. in Minneapolis.
