INSTALLATION INSTRUCTIONS

PART #1953 - FORD BRONCO 2.3L /2.7L V6 OIL SEPARATOR KIT (2021-23)

1

Install supplied bracket and hoses with fittings making sure the longer hose is on the left side of the oil separator as shown in photo.

2

Remove factory PCV hose by pushing the blue clips towards firewall and gently pulling up for removal.

INSTALLATION INSTRUCTIONS

PART #1953 - FORD BRONCO 2.3L /2.7L V6 OIL SEPARATOR KIT (2021-23)

3

Remove wiring harness clip/harness attached to stud on firewall and let hang out of the way for now.

4

Now install oil separator assembly with bracket on to firewall stud using supplied washer and nut. Then re-install factory harness clip back onto firewall stud.

5

Rotate hoses for even fitment and then clip on BBK fasteners to factory location. Making sure using the longer hose on left or passenger side as shown in pic. Double check all connections and install is complete.
