# How it works

## Oxygen H<sub>2</sub>O<sub>2</sub>

The modern medical science thinks that The decay is the process of acidification of matter (oxidation).absorb O<sub>2</sub>, drinking and smoking, environmental pollution etc could produce oxygen free radicals in human body. This could vandalize the cell tissue, Genetic disease and aging in the body. Hydrogen could effectively remove free radicals in the body.Hydrogen anti-oxidation is much more powerful than vitamin C, carrot, lecithin etc people already familiar antioxidant substance.

## Hydro Microdermabrasion:

The treatment is the newest advance in non-laser skin resurfacing. it is the only hydradermabrasion equipment combining cleansing, exfoliation, extraction, hydration and antioxidant protection simultaneously, resulting in clearer, more beautiful skin with no discomfort or downtime. The treatment is soothing, moisturizing, non-invasive and non-irritating.

## BIO RF Handle :

BIO since wave work handle has calming,soothing and firming effect, shirk pores,soothopain and reduce the swelling excrete by the process of metabolism, and the vessal and nurve will not be damaged.

## RF handle :

The deep heating of RF effects the electronics of tissue with the biological response of polarization electronic mobility by way of human tissues, resulting the electronics are formed as the molecules twist and crush against each other so that bio energy is produced, thereby bringing skin to warm in deep to stimulate the collagen produce contraction immediately, to stimulate the secretion of new collagen to fill the gap of losing collagen atrophy, and rearrange to rebuild skin soft frame, and ultimately firm up skin, remove wrinkle, restores the skin's elasticity and luster.

## Ultrasonic handle :

According to the treated purpose of the customer , with relevant extracts and nutrients, use the probe to inject them into the skin deep-seated, let them fully absorption, so get the best beauty effect.

## Cold Hammer:

Shrinks pores, tightens skin, removes wrinkles, promotes collagen hyperplasia, eliminates redness and sensitivity, and fades dark circles and bags under the eyes.

## Skin Scrubber:

Ultrasonic skin scrubber is the most popular with beauticians among multiple instruments.Its shifts electric vibration with 24000 times per second to mechanical vibration with thousands upon thousands times per second. Penetration effect of ultrasonic gives skin massage as well as cleansing.
