VENOM

VENOM

In the world of Xtreme Performance Fat Tire bikes, you will not find anything like the Venom. It is comprised of only the highest end components. From the silent variable transmission in the German made Rohloff SPEEDHUB, to the Bafang Ultra Torque Sensing motor, to the inverted suspension forks, this bike is built for ultimate performance.

REBEL STEP-THRU

REBEL STEP-THRU

Backed by popular demand we have continued to upgrade and modify our most popular e-bike...The Rebel. Coming in our tradition TrueTimber Viper Western camo along with our new matte black and grey design. With 4.8" wide tires, and the 1000W Bafang HD motor, this bike will traverse anything you put in front of it. If you are looking for a bulletproof fat tire e-bike with a step-thru frame, look no further.

REBEL

REBEL

Years ago the Rebel was the first 1000W bike in our line up, and it remains a customer favorite. We offer it in multiple colors for any rider due to its sheer popularity. With 4.8" wide tires, and the 1000W Bafang HD motor, this bike will traverse anything you put in front of it. If you are looking for a bulletproof fat tire e-bike, look no further.

KRUSADER 2.0

KRUSADER 2.0

The Krusader 2.0 is the original all wheel drive bike in the fat tire hunting world. Equipped with two 500w motors, this bike has the power of a 1000W bike, but disperses it between both wheels. New for this year, the Krusader will have the AWD on demand function that our users have come to love in the Megatron. This bike has been one of the top sellers for 2 years running. This is a fan favorite of hunters in the Midwest.

SAVAGE

SAVAGE

The Savage is one of the tried-and-true bikes in our lineup. It has been one of the most purchased bikes by our customers over the last 7 years. The Savage can do everything that our other 750W bikes can do, but we really took this one back to the basics. This is a great price point bike that is extremely versatile for any outdoorsman. This is an awesome mix of versatility and affordability.

ROOSTER 2.0

ROOSTER 2.0

The new and improved Rooster 2.0 really took a step up in performance for 2023. New for this year you will find that the Rooster 2.0 really mirrors that of the bad ass bikes you have seen from Rambo in the past, featuring a new sleek ergonomic step through frame. This new style has allowed us to utilize a larger frame integrated battery, providing superior range and more features.

BIKE/HAND CART

The Rambo bike cart is a great add-on to any Rambo model you have. Quick and easy attachment to the bike and smooth operation. Use it to haul gear, camping equipment, treestands, or getting your trophy out of the backwoods. The cart also has a grab handle for use without the Rambo. Great for hauling fire wood or other loads around the farm when not using with your Rambo bike.

For Use With: All Rambo bikes
