

## Espa

The new Alabastros Bergamot & Jasmine Candle is made from hand-poured natural wax fragranced with essential oils. Infused with Espa's best-selling Bergamot & Jasmine scent, the limited-edition 360g candle also features eucalyptus, tea tree, mint, citrus, vetiver and pine. It sits in a white alabaster stone pot with an embellished lid. The translucent crystal line grain of the alabaster gently illuminates when the three-wick candle is lit.

If your clients are asking for cat eye nails, Lecenté's latest collection is designed for creating the cat eye effect with the brand's magnet. Available in five shades, the fine pigments blend when mixed with topcoat and are compatible with all gel polish and air-drying polishes. Choose from silver Positive Charge, gold Neutron Star, green Laser Beam, blue Gamma Ray or purple Dream Pool.

Aussie skincare brand ESK's latest launch is the Hydraboost HA Serum. Formulated with 1.6% hyaluronic acid and 1.5% panthenol (provitamin B5), the serum offers hydration benefits for dry, ageing and inflamed skin conditions. With a blend of three hyaluronic acid molecular weights, the product targets collagen growth, reduces signs of photo-ageing and aids in managing rosacea and eczema while hydrating.

## Hush & Hush

Collagen+, the latest supplement launch from Hush & Hush, contains nine amino acids as well as vegetarian collagen. Thanks to the vegetarian collagen, made with hydrolysed eggshell membrane, your veggie clients can now enjoy the benefits of collagen. Meanwhile, hydrolysed peptides help increase absorption. The product comes in a powder formula with a light vanilla flavour.
