Corporate Gifts

This Corporate Gift and Events Catalogue offers a way for companies to give a gift that warms a home or office and brightens the future of refugee artisans.

By gifting MADE51 products companies can demonstrate support for refugees in a unique and meaningful way.
Over 120 million* people have been forcibly displaced across the world, driven from their homes by war, persecution or disaster. Amongst this vast group of people, there are incredible artisans that possess the talent, culture and heritage to create objects of true beauty. Products that can fill our homes with life and joy.

MADE51 is a global brand, an initiative brought to life by the UNHCR that connects these artisans with social enterprises who support the design, development and marketing of the unique products that make up the MADE51 collection. Through MADE51 those who have been forced to flee have an opportunity to earn an income while in the midst of displacement.

For consumers, these pieces are more than beautiful examples of craftsmanship and heritage, they are expressions of solidarity with those living in situations of unimaginable hardship.
