

When Spring Comes

Welcome to the When Spring Comes Learning Guide! This set of activities is designed to engage little learners in hands-on, spring-themed fun while building important early childhood skills. Each worksheet pairs with the sensory kit to create a multi-sensory learning experience.

Activity Breakdown & Skills Focus:

Flower Pot Counting (Numbers 1-8)

Skills: Number recognition, counting, fine motor skills, one-to-one correspondence

Activity: Place the correct number of sensory kit items into each flower pot to match the number shown.

Bee Tracing

Skills: Pre-writing skills, fine motor development, hand-eye coordination

Activity: Follow the bees! Trace the dotted lines to help the bees get to their flowers.

Letter S Practice Sheet

Skills: Letter recognition, handwriting, visual discrimination

Activity: Find and color all the letter S's, trace uppercase and lowercase S, and complete a letter S maze.

Copy the Patterns

Skills: Pattern recognition, early math skills, problem-solving

Activity: Use items from the sensory kit to copy and continue different patterns: AB, ABB, and ABC.

Spring Adventure Game (Numbers 1-24)

Skills: Number sequencing, counting, turn-taking, problem-solving

Activity: A fun, spring-themed board game similar to Chutes and Ladders! Players move along a numbered path (1-24) using 3D-printed pieces as game markers. Some spaces have spring surprises: climb up a flower vine to jump ahead or get caught in a rain puddle and slide back! Perfect for practicing number recognition and social play skills.
