

Identity Leather Craft

INDIVIDUAL STAMPS FOR LEATHER STAMPING AND TOOLING - CRAFTOOL CHART

These tools have been designed to help you create texture and design to your vegetable tanned leather projects. Made from steel with an integral handle they are easy to use and come in a variety of shapes, sizes and patterns.

Some of the stamps (also called crafttools) are an entire image and can be used individually. Many of them are designed to be used to create imagery and can add texture, detail and effects, or to depress background areas to give a three dimensional appearance. For a quick guide to embossing [click here](#).
