How to Order

You can order through the website at www.identityleathercraft.com or call 01629 581403 for telephone orders.

How Leathers are Packed

Depending on quantity/postal restrictions, leather can be sent lightly folded around bubble wrap and tissue paper.

How to Use These Leathers

The leather can be carefully ironed on the reverse a medium (●●) setting with a piece of brown paper or greaseproof paper in between. (Do not use with the steam function).

Suitable for machine sewing—for best results use with a walking foot.

Cutting—the leathers will cut well with leather shears, a craft knife or a rotary cutter.
