

GLO™ Good Foundation

America is facing an oral health crisis.

85 MILLION Americans lack oral health coverage.

OVER 50% of adults have periodontal disease.

Dental cavities is the **#1 CHRONIC DISEASE** among children.

Dental ER visits jumped from 1.1 million in 2000
to **2.1 MILLION** in 2010.

Founded by Stacey and Dr. Jonathan Levine in 2011,
GLO Good is committed to building oral health initiatives
in underserved communities by providing the tools and
education people need to keep their mouths healthy...

...and **SMILE** more often.

RWANDA

In 2010, Stacey and Dr. Levine visited Rwanda to provide oral care to survivors of the genocide.

When they met Agathe, she could not smile.
Her teeth had been violently removed
by machete during the genocide.

Stacey and Dr. Levine returned to Rwanda
in 2011 to give Agathe her smile back.

As she beamed with love and happiness,
the **GLO Good** mission was born.

NEW YORK CITY

In January 2013, **GLO Good** hosted
Brush Up Smile Zone! at Harlem Children's Zone,
alongside Dr. Oz and Geoffrey Canada.

Over 300 kids learned about the importance of oral health through fun and educational activities.

GLO™ Good Foundation

In June 2013, **GLO Good**, Oral-B and Dr. Oz's HealthCorps teamed up to deliver oral health education and tools to 150 students at Lower East Side Preparatory High School.

A team of GLO Good Doctor's, including members of the Jonathan B. Levine & Associates dental practice in NYC, have hosted 2 multi-day dental clinics in Eleuthera, with plans to return on a recurring basis.

Mathieu Bitton

Over 750 Eleutheran's have received oral health treatment,
