

WAHIAWA, HAWAII

RESCUED FRUITS, CAREFULLY HANDCRAFTED, AND CURIOUSLY TASTY.

WHAT IS HAWAIIAN VINEGAR COMPANY?

OUR MISSION

Is to reduce local food waste and increase Hawaii's food self-sufficiency by rescuing farmer's off-grade and seasonally fresh products and creating world class tropical vinegars and vinegar products.

VINEGAR

No infusions or shortcuts, we rescue off-grade and seasonally fresh, local products from our farmers, juicing and fermenting each into vinegar.

SHRUBS

Shrub is a vinegar syrup made from our vinegar and flavored with local Hawaiian fruits & herbs. It's refreshing, tart, sweet & tasty!

AND IT'S HEALTHY!
HOW HEALTHY YOU ASK?

The benefits of vinegar were first discovered in China and Japan thousands of years ago. In the west, scientific evidence was discovered by Dr. Adolf Krebs, who won a Nobel Prize in 1953 for his discovery of the Citric Acid Cycle
