Beginner Class

Instructor: Sonia Ojeda

OBJECTIVE:

In this class you will learn the basic components of your embroidery machine, features and basic functions on your model. You will learn about needles, threads, stabilizers & necessary embroidery tools that every embroiderer must have to achieve great results.

SUPPLY LIST:

- Embroidery Machine [or combo machine], embroidery module, hoops, power cord, any and all accessories and MOST IMPORTANTLY your OWNERS MANUAL
- [40 wt Embroidery Thread](#)-at least 4 colors
- Bobbin Thread-60wt OR you can use the same upper weight thread.
- 2 fat quarters that are either solid or have a small print [you can purchase these in store]
- [1 Yard Fusible interfacing SF101](#)
- [Medium Weight Cutaway Stabilizer](#)
- [PolyMesh aka No Show Mesh](#)
- [505 Temporary Adhesive Spray](#)
- USB Stick
- [Scissors/Shears](#) or [rotary cutter](#) [for fabric cutting]
- [Embroidery Scissors](#)
- [Seam Gauge](#)
- [Quilting ruler](#)...if you have one
- Notebook & pen to take notes

NOTIONS:

- Needles: sizes 75/11 & 90/14
- Seam Ripper [if your machine didn't come with one]

- Thread stand [optional but very handy]
- Travel iron and mat [optional]
- Water and/or snacks

Important:

Please be on time for class and ready for instructions! Email me once signed up and a confirmation email has been received. I will email some instructions for you to print out at home and bring to class. Any questions prior to class can be directed to sonia@seweeahquilting.com
