

Super Strips

Materials:

Main Fabric: 6 1/2 Strip Roll by Sew Yeah (contains 21 strips)
or 3 7/8 yards fabric

Background Fabric: 6 1/2 Strip Roll by Sew Yeah (contains 21 strips)
or 3 7/8 yards fabric

Sizes:

To make a 60 x 76:

Backing - 3 3/4 yard

Binding - 1/2 yard

To make a 46 x 54:

Backing - 3 yard

Binding - 3/8 yard

To make a 76 x 90:

Backing - 5 1/2 yard

Binding - 2/3 yard

This pattern will create approximately 122 completed blocks, allowing you the freedom to make multiple sizes of quilts.

Sewing Instructions:

Take one of each strip from Fabric A & B, place right sides together and sew down the length of each side.

The space between the seams should measure 6". Measure over from the seam 3" and cut down the center, splitting the strip in half. Press seams toward the dark side. Repeat for all of the strips, creating a total of 42 split strips.

Now take 2 different strip colors and place them right sides together against their contrasting fabric, i.e. match the background with the main. The seams should nest, pin to keep lined up. Sew down either side of this strip unit.

Using a 45° degree ruler, cut the strip into triangles. The tip of the triangle will have a few stitches in it, remove these and open up the strip. Press seams.

Once you have all of your blocks pressed it's time to lay them out. There are several ways to design this quilt so have fun! There is enough fabric to make a very large quilt or you can split your blocks to make 2 quilts, the choice is yours.
