Place the square onto the top left corner of the rectangle, RST and sew along the marked line. Trim off the excess leaving a ¼" seam allowance. Press open. Place the 2nd square on the top right corner, RST and sew along the marked line. Trim the excess and press open. Block should measure 6 ½" x 12 ½".

Lay out one unit-

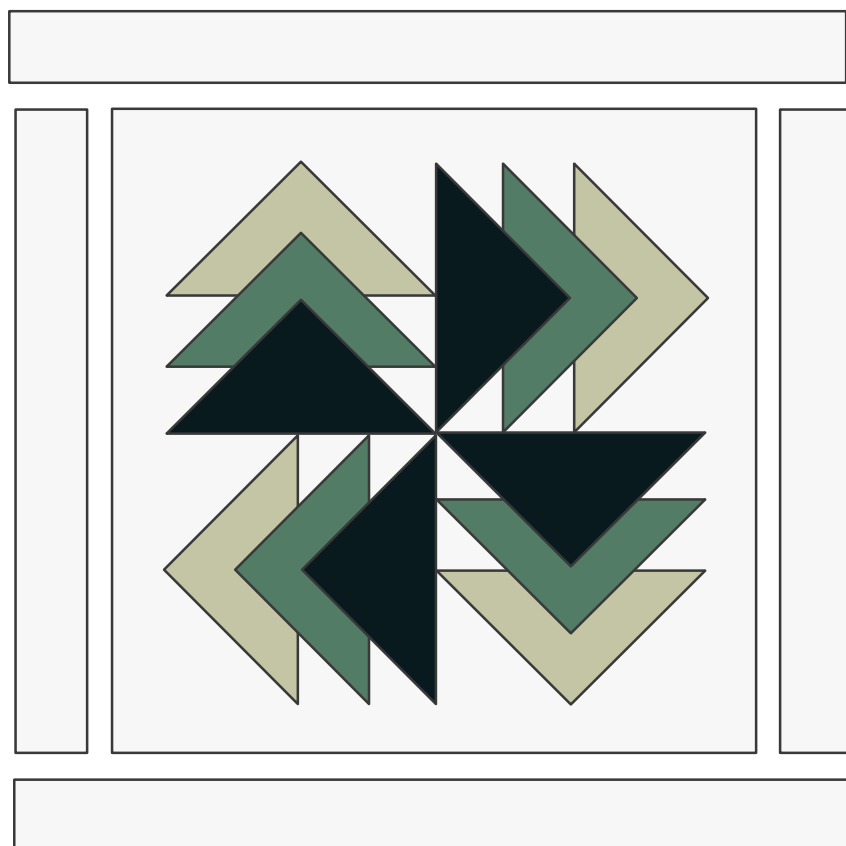

Gather all of the blocks that have been created, along with 2 squares of Fabric D and 1 rectangle from Fabric A. Lay out all of the pieces according to the diagram. Sew each row together, then sew the rows together. This unit should measure 24 1/4" square. Repeat this process 3 more times for a total of 4 complete units.

With all 4 completed units, lay them out as follows and sew them together.

Completed unit should measure approximately 48" square. Sew the border strips from Fabric D together, end to end, then cut the necessary lengths to add the borders to the sides and then the top and bottom of the quilt top.

Quilt, Bind, and Enjoy!
