

QUANTUMQUARTZ

DESIGNER STONE

Brilliantly Engineered.
Naturally Beautiful.

The safe benchtop surface

QUANTUM QUARTZ continues to develop and deliver high-quality surfaces that are durable, look great and are completely safe in their installed state.

QUANTUM QUARTZ is committed to providing a more sustainable range with its new **Low Silica + Recycled** content formulation.

Design inspiration

Designed for maximum beauty and a seamless flow, QUANTUM QUARTZ surfaces offer you design flexibility with over 40 inspirational colours to choose from.

Indulge in the PALAZZO collection. Sophisticated and cutting edge, the PALAZZO designs are crafted using the latest digital technology. The end result is a stone surface that is an authentic representation of the beauty of natural stone.

Bring your dream kitchen or bathroom to life with QUANTUM QUARTZ!

NOTE: Quantum Quartz is a natural based surface. It may contain variation in colour due to raw materials. Particles used in the products may sometimes produce minor irregularities such as blotches and coloured particles. The Natural Quartz range of colours combine a mix of unique veins with some natural variations. Vein structure may vary. It is recommended for the customer to view the whole slab. Due to the printing process colours may vary from those in this brochure and should be used as a guide only.

Your journey starts here with over 40 inspirational designs to bring your dream kitchen or bathroom to life!

Low Silica Slabs

Quantum Quartz surfaces offer a more sustainable choice with its new **Low Silica** (< 38% quartz) + **Recycled** content (> 40% recycled glass) formulation. The durability and beauty of Quantum Quartz remains unrivalled and unchanged.

Slab Size

3210 x 1610 x 20 mm

Slab Identification

Every Quantum Quartz slab is stamped on the underside to certify authenticity.

10 Year Limited Warranty

Quantum Quartz surfaces are of the highest quality and offer a 10 Year Limited Warranty. Register your completed project online.

Edge Profiles

Quantum Quartz recommends a minimum radius of 3-4mm on edge detail for optimal performance. A mitred edge of 40mm or greater is recommended for the Palazzo designs as the digital print sits on the stone surface only. Here are a few of the popular edge profiles:

Arris 20mm

Arris 40mm

Mitred Apron 40mm

Product features

Non-porous

High Scratch & Chip Resistance

High Abrasion Resistance
