

SPLASHBACK + WALL PANELS
SIMPLE DESIGN, UNLIMITED IDEAS

THE LOOK OF GLASS & MARBLE MADE AFFORDABLE

- Cost effective, low maintenance, easy to clean, and grout free for seamless finish
- 4mm Thick - High density mineral fibre core layered with aluminium on both sides
- 100% Waterproof - Can be used in the Kitchen, Laundry, Bathroom & Shop Fit-Outs
- Fire Retardant - Compatible with Gas & Electric Cooktops
- UV Resistant and Non-Weathering - Can be used outdoors in alfresco kitchens
- DIY - Easy to install with silicone adhesives, even over existing products such as tiles or wood panels. Can be cut and drilled on site without the risk of breaking
- Cut To Size - We offer an in-house Cut To Size service

Made of a 4mm high density mineral fibre core wedged between two sheets of aluminium, it is highly durable and resistant in time. The finish is a high gloss paint system that gives it the same reflective look as a traditional glass splashback.

Reflections Splashback + Wall Panel is the latest alternative to glass splashbacks and is ideal for both residential and commercial applications.

Reflections offers extra flexibility thanks to its ability to fold and bend to follow curves and corners therefore limiting joint lines for seamless finish. It can suit a variety of vertical applications and makes an outstanding statement in any room including kitchens, bathrooms, laundries and entertainment areas.
