## Our Story

We are the Karamessinis Family and have been proudly operating Sfinaki Greek Taverna in The Heights community for almost 30 years. The Heights is not only where we run our taverna, it's where we shop, where we live, where we're raising our families – it's our home! Our parents were among the pioneers that started serving up delicious Greek food in Vancouver restaurants in the 1960s. They have shown us all we know! Forever grateful for their mentorship and for inspiring our brother Denny to hand-craft the food of our heritage with love! It is with pride and pleasure that we serve up our dishes to you and that we be that special place where family, friends and community gather to share life over Greek food. From our family to yours, thank you for celebrating with us along the way! OPA + YIAMMAS!

**ΣΦΗΝΑΚΙ** n (sfee-náki) a shooter or shot; a small serving of spirits, ouzo, or a mixed drink (usually about one ounce), typically consumed quickly, often in a single gulp
