

SOLIOS

Corporate Gift Guide

# About Corporate Orders

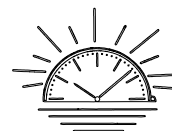

We don't disrupt people's lifestyle, we enhance it. And so can you.

We believe sustainability can be elegant. Timeless. Trendy. Avant-garde. We also believe the journey to adopting a more sustainable lifestyle can be easy and fun. This is precisely why we exist: to change mindsets. To shift perspectives. To empower those who care about tomorrow's world.

Now, we work to give others the same opportunity. We want to let you change perspectives with us. Giving you an opportunity to gift in a meaningful way. From client gifts to employee recognition, think of Solios as a symbol. One that will remind people to always seek improvement, and one that will make them remember you every time they stretch their arm to reach out for something.

Our Corporate Gifting team will help you process any order over 10 units and help you along every step of the way.

We can ship your full order to one location or accommodate drop shipping to each of your recipients, free of charge. If you have an expedited timeline, our Corporate Gifting team can work with you on feasibility once we have more details.
