RHYTHMUS

INSTALL INSTRUCTIONS

First off, Thank you for your order from Naroth Audio!

TO INSTALL:

1. Download the free [Pulse Downloader](#) ←here, if you dont have it already
2. Shortly after purchase you will receive an email from Pulse with your activation code
3. Open up Pulse, go to the **Libraries** tab, and click [+ Add a Product] at the top right.
4. Paste in your activation key and click **Redeem**
5. Choose your install location and begin downloading.
6. You now have Rhythmus setup to being creating with! Pulse allows for easy updates and reinstalls if you ever lose your files in the future.

TO OPEN IN KONTAKT:

Because Rhythmus is a Non-Native Acess library, you won't see it in the libraries tab of kontakt, so to load it up:

1. Open up Kontakt
2. Click on the **Files** tab
3. Navigate to where you installed Rhythmus
4. Double-click or drag in the ".NKI" files into the empty Kontakt area
5. Start Creating!

You can alternatively setup all Kontakt libraries in the Quickload area for easy access. Check out how to set that up [here](#).
