Joanna Davies

Feels like home

Joanna has been drawing, building and creating her whole life: growing up in an large family of potters, dancers, painters and actors on a dirt road in rural Brookfield, Queensland.

In short, Joanna loves to paint. Her large scale oil paintings are filled with energy and emotion and the figurative movement she specialises in is both striking and intimate.

Feels like home is Joanna's second solo show with ttg and illustrates the essence of her as an artist. These works evoke feelings of contentment and comfort in the viewer, a homecoming of sorts, taking us all to the places where we feel the most like our true selves.
