

Paloma Collection

Rustic craftsmanship brings warmth and character to the Paloma 4-in-1 Crib from Simmons Kids. Gorgeously made from strong and sturdy pine, this crib features a hand-distressed, soft texture finish that makes each piece one of a kind. Impressive details such as crown molding, intricate trim and a full panel headboard add to its charming style. Built to the highest safety standards, the Paloma 4-in-1 Crib is JPMA certified, so you can be comfortably secure in the selection of baby's crib. For additional convenience, this versatile crib features a three-position mattress height adjustment that allows you to lower the mattress as your baby grows, plus it converts into a toddler bed, daybed and full size bed when your child is ready. Pair it with the Paloma 4 Drawer Dresser with Changing Top (sold separately) to complete your nursery.
