

What are the best baby cribs of 2020?

One of the biggest and most important investments when you welcome a new addition to the family is the baby crib.

That being said we do know that finding the best baby crib (and above all right one for your needs) is not an easy endeavor. That's why we rounded up the 10 best baby cribs for 2020 and reviewed them here.

The top 10 baby cribs of 2020

1. [Babyletto Hudson 3-in-1 Convertible Crib](#)
2. [Graco Benton 4-in-1 Convertible Crib](#)
3. [DaVinci Kalani 4-in-1 Convertible Crib](#)
4. [DaVinci Jenny Lind 3-in-1 Convertible Portable Crib](#)
5. [Dream On Me, Carson Classic 3 in 1 Convertible Crib](#)
6. [Delta Children Emery 4-in-1 Convertible Crib](#)
7. [Serta Barrett 4-in-1 Convertible Crib](#)
8. [Delta Children Bentley S Series 4-in-1 Convertible Crib](#)
9. [Graco Solano 4-in-1 Convertible Crib with Drawer](#)
10. [DaVinci Charlie 4-in-1 Convertible Crib](#)

6) Delta Children Emery 4-in-1 Convertible Crib

[Check Price on Amazon](#)

Pros

- 4 in 1 and 6 in 1
- JPMA certified
- Full-size bed mode
- Strong and sturdy wooden frame
- Classic and elegant design

Cons

- Few color finishes
- Toddler guardrail and full size metal bed frame sold separately

The [Delta Children Emery Convertible Crib](#) is one of the most versatile cribs in our top 10 cribs selection. Its strong point is that it comes in two variants: [4 in 1](#) and [6 in 1](#).

The convertible modes aside, the [Delta Children Emery](#) is also JPMA certified which means that it meets and exceeds all safety standards set by CPSC & ATSM. It's very easy to assemble although you should note that the toddler guardrail and the full size metal bed frame are sold separately (which is the norm).

Realistically, this isn't a problem as it will be years before you'll need to use the full size metal bed frame and in terms of value for money, the [Delta Children Emery convertible crib](#) can't be beat. It's worth paying something extra to get the toddler guardrail and the full metal bed frame later on once you need them.

Product specs

4 in 1 Model

| | |
|------------|---|
| Weight | 63.8 pounds |
| Dimensions | 55.8 x 30.2 x 43.5 inches |
| Material | Solid Pine and Poplar with Composite Wood Product |

6 in 1 Model

| | |
|--------------|---|
| 6 in 1 Model | 58.5 |
| Dimensions | 55.5 x 30.2 x 43.5 inches |
| Material | Solid Pine and Poplar with Composite Wood Product |

7) Serta Barrett 4-in-1 Convertible Crib

[Check Price on Amazon](#)

Pros

- 4 in 1
- 4 positions mattress height adjustment
- JPMA certified
- Strong wood construction

Cons

- Mattress sold separately
- Only 3 colors available

Another good all-around baby crib. The [Serta Barrett 4 in 1 convertible crib](#) offers the usual features – convertible design with 4 different modes (baby crib, toddler bed, daybed, full size bed) and 4 position mattress support.

It's sturdily built from wood and is JPMA certified meaning you won't have to worry about dangerous chemicals or substances in the paint and finishing. You can easily assemble it in under an hour and it's also compatible with the 0080 toddler guardrail by Delta so if you have one from an older crib, a friend or a family member, you can easily attach it to this one and save some money.

Product specs

| | |
|------------|---------------------------|
| Weight | 60 pounds |
| Dimensions | 57.5 x 30.5 x 47.2 inches |
| Material | Wood |

**8) Delta Children Bentley S Series 4-in-1
Convertible Crib**

[Check Price on Amazon](#)

Pros

- 4 in 1 & 6 in 1 options
- JPMA certified
- Full-size bed mode
- Lots of different colors available

Cons

- Design can feel slightly outdated
- 3 position mattress heights

Another product from Delta, the [Bentley S Series](#) is the more expensive in their baby crib line and certainly offers some good features for the price.

This is our second baby crib that offers a 4 in 1 variant which means that you'll save more money in the long run if you opt for the 4 in 1 version.

The only downside is that the design might feel a little "outdated" to some, especially if you prefer a more modern approach. That being said, The Delta Bentley S comes in 6 different colors so you shouldn't have a problem finding the right one for the nursery.

Product specs

4 in 1 Model

| | |
|------------|----------------------|
| Weight | 68.4 pounds |
| Dimensions | 56 x 35 x 6.8 inches |
| Material | Wood |

6 in 1 Model

| | |
|------------|-----------------------|
| Weight | 68.6 pounds |
| Dimensions | 54 x 34.5 x 25 inches |
| Material | Wood |
