

21 Must-Have Baby Products for the 2021 Baby

2020 saw stay-at-home orders, social distancing, and LOTS of **mommy-daddy time**—if you know what I mean.

Now that it's 2021, and **generation quarantine** is on their way, we've rounded up the best new baby products for every expecting mama this year!

14. Delta Children Jordan 4-in-1 Crib

The Jordan 4-in-1 Convertible Baby Crib by Delta Children is a must-have crib for stylish parents and babies in 2021! Its mid-century modern design is sure to elevate any nursery, featuring rounded spindles and splayed feet in a natural finish for just the right touch of style. The adjustable height mattress support allows this crib to grow alongside your little one—start with the mattress at the highest height, then lower it as your baby grows. Over time, the Jordan can be transformed into a toddler bed, daybed or sofa.

18. Delta Children First Steps 3-in-1 Sit-to-Stand Bouncer, Walker and Play Station

Did you know it usually takes babies over 1,000 hours of practice to learn how to walk? Not anymore! Teach your baby to balance, stand, and walk with the [First Steps 3-in-1 Sit-to-Stand Bouncer, Walker and Play Station](#) from Delta Children.

This patented bungee walker is the first of its kind, using innovative bungee technology to help your little one find their center of gravity without ever falling.
