Pros:

- Easy to assemble and to keep clean
- Can purchase coordinating storage pieces
- Great size for smaller and larger kids with a sturdy build

Cons:

- Storage pieces must be purchased separately
- Not many color options
- Chairs can easily tip back if kids aren't careful

This table and chair set has thousands of positive reviews, which is a definite bonus. It's very easy to assemble, even for those who aren't that skilled in this department. While it doesn't have storage or shelving included, you can purchase matching bookshelves and toy organizers if that's something you need as well. With everything priced fairly moderately, you can afford to splurge on the entire set for a high-end coordinating look.
