#### Our Review

Since you're probably not ready to get forever furniture for your toddler, this affordable bedroom set helps transition your little one from crib to bed, and gives them a newfound sense of independence. The cute little bed features side rails for safety, but fits a standard crib mattress so you'll like be able to use the one you have. It also comes with a sweet little side table for a nightlight or bedside lamp.

This set also includes a storage chest to help teach them to pick up and stow their toys at the end of the day. It features a child-safe closure with a lid support, another safety feature you'll appreciate. With this Amazon Black Friday furniture deal, you'll save almost \$65 on this set. [A matching three drawer dresser](#) will likely take them into their teens and it's also on sale today for about \$50 off the regular price.
