

Double Strollers for Fewer Stressful Days Out

Whether you have twins or you're expecting a new addition, there's a double stroller perfect for your family, lifestyle, and budget. Get ready to prep for some double trouble!

Not sure which style stroller is right for your family? Here are a few things to consider:

Side-by-Side Stroller: This stroller is the perfect pick for a family with twins. The side-by-side function typically indicates that both seating areas are equal or extremely similar, so it's perfect for two kids that are about the same size.

Double Jogging Stroller: This is the best choice for an active family with two tots around the same age. Yes, jogging while pushing two tots instead of one will give you extra conditioning, but double joggers are also perfect for smooth strolls on rougher terrain.

Tandem (or In-Line) Double Stroller: This stroller type typically features a build with one seat in the front and one in the back. It's an ideal stroller for twins or siblings close in age, but be aware that each seat could be slightly different.

Sit-and-Stand Stroller: When there's a bigger age gap, a sit-and-stand stroller is something to consider. While the younger one sits tight, the older one can stand. The coolest part? It's a great bonding experience for the older kid, who will feel involved with pushing - even though you're doing all of the work.

Umbrella Double Stroller: If you're looking for a double stroller that's lightweight and super portable, an umbrella option might be the best choice. It's perfect for vacations because it can be folded completely and tucked away easily.

Now that you know the different options available, here are our picks for the best double strollers.

3) Delta Children Side by Side Umbrella Stroller

[amazon.com](https://www.amazon.com)

\$71.02

[SHOP NOW](#)

This double umbrella stroller weighs just 18 pounds, making it lighter than most *single* strollers! This option features European-style double canopies, full recline for comfort, and an easy fold function.

Coffee addict? You can place your morning coffee right in the convenient cupholder! Use the storage bag hanging off the back of the stroller for your diaper bag and other essentials, so you don't have that weight hanging off of you.

4) Delta Children City Street LX Side-by-Side Stroller

Delta Children

\$74.00

Take the kids (up to 35 pounds each) out in this double stroller that's perfect for walks in the park. It's super lightweight, so you won't mind transporting it when you're on the go. It easily folds up, so it's a breeze to store for later use.

Your kids will appreciate the canopies, which will protect them from the wind, sun, and rain. Another feature they'll love? The easy-to-adjust recline. So comfy!
