

## Parenting Pointers: Buying Mattresses for Little Ones

**Delta Children**, a brand of baby and children's products backed by quality and safety at prices every family can afford, is committed to safety. Since 2012, they've been devoted to their #1 mission of finding a safe place for every baby to sleep through [The Safe Sleep Campaign](#).

To date, more than **\$4 million** worth of product and monetary donations have been made to continue this nationwide effort to educate parents on the importance of creating safe sleep conditions for their children, backed with a commitment to donate product to families in need.

They have these tips to share on finding the right mattress for your little one.

- 1) Every parent should choose a mattress that is GREENGUARD Gold certified, which means it has low chemical emissions, contributing to improved indoor air quality
- 2) All mattresses should be very firm and fit snugly inside the crib
- 3) Don't assume all crib mattresses are safe! Choose a mattress from a reputable brand like Delta Children, Beautyrest or Serta
- 4) Be sure to choose a waterproof mattress to protect against spills and accidents
- 5) Look for dual-sided mattresses that feature a firm side for infants and a comfort layer on the other side for toddlers. This extends the life of your mattress and adds to the value!
- 6) Choose a mattress that is good for the environment. Delta Children has mattresses that feature fiber layers made from 300 recycled bottles!
- 7) Remember, when your baby sleeps well, so do you! Choose from Delta Children's wide selection of mattresses that feature innovative layers like temperature control, pressure point relief, and so much more!

One of their mattress innovations:

### **Beautyrest Beginnings® Naturally Healthy Nights Crib and Toddler Mattress (\$299.99)**

- The Beautyrest Beginnings® Naturally Healthy Nights Crib and Toddler Mattress is topped with a natural cotton blended cover and is GREENGUARD Gold certified, which helps promote healthier air in your child's room.
- Delivering supreme support each and every night, this baby crib mattress features 231 Beautyrest Pocketed Coil Springs for even support all over, plus it has two distinct sides that provide the ideal sleep surface for your growing child.
- The infant side features the ideal firmness newborns need while the toddler side has a layer of natural cotton for additional comfort.
