

The Best Changing Pads And Covers To Make Diaper-Changing As Mess-Free As Possible

High quality changing pads are a total must for any parent. There are a boatload of [baby products](#) that you don't really need. I mean, just a glance at the average [mom-to-be's registry](#) and it's clear to see how easy it is to go overboard. But on the list of [baby gear](#) you most definitely should shop for and purchase before your baby is born, [diapering essentials](#), including the baby changing pad, reign supreme.

Serta Foam Contoured Changing Pad with Waterproof Cover

It only makes sense that a mattress company would get into the business of making changing pads. You know this one is comfy, but it's also waterproof and hypoallergenic thanks to its durable vinyl cover. It has a safety harness for your baby and a non-skid bottom to keep it in place.
