PRIME DAY 2019 | UPDATED 3:00 P.M.

All of the Best Stuff for Kids and Babies on Sale for Amazon Prime Day

By The Editors

The fifth-annual Prime Day is officially upon us — if you need a refresher on [what Amazon Prime Day is all about](#), check our explainer — and once again we're going to be working to help you find the actual great deals you'll want to know about (and not the “on sale” mixer that's cheaper at Bed Bath & Beyond). And if you're not sure where to start, we're ready to help.

Here, we'll be rounding up all the deals on toys, clothing, and other gear for [kids](#) and [babies](#) that you can buy on Amazon this Prime Day. Note that everything will be on sale only until supplies run out, so don't dillydally — and be sure to bookmark our [Prime Day hub](#) and follow us on [Twitter](#) for any updates. We'll be updating frequently. (And remember: You need to be a [Prime member](#) to snag all deals.)
