## **The Art Shop Project**

The Art Shop Project supports Canadian artists and contributes to the fundraising efforts of local healthcare organizations for the benefit of our community.

With each sale, the Art Shop Project donates a portion of the proceeds to the hospital or healthcare organization of the buyer's choice.

### **How does it work?**

1. **You Purchase** original art, or smalls, that are right for you.
2. **You Support** the work of Canadian artists.
3. **We Give** a portion from all art sales to the healthcare organization of your choice.
4. **They Deliver** the health and wellness programs and services that benefit your community.
