Gumption by Coffee Alchemy (Sydney CBD)

Written by Brian • on February 7, 2016 • in Food

A hidden gem tucked away in the heart of the city.

With the

overwhelming, growing number of cafes in Sydney's CBD it can be hard to find one spot that draws you in and remains memorable. Located in the Strand Arcade, just off Pitt St, **Gumption by Coffee Alchemy** is easily accessible, well priced and operated by friendly staff who make incredible coffee, topping the list of my favourite cafes.

The creators of award winning **Coffee Alchemy** in Marrickville and **Gumption by Coffee Alchemy** have a family history in coffee, so it's no surprise they deliver nothing but quality. Picked by people who seriously

understand coffee, the range of beans will excite any coffee-geek, and the owners have successfully upheld their reputation for making Sydney's Best Coffee for years.

At **Gumption** there's usually a queue of corporate employees (like myself) and occupied tables so it's hard to miss. The costs are standard, and both in-

dining and takeaway options are available. While waiting for your order to be called out, the intimate space allows customers to see the baristas artfully at work. If you choose to dine in, you are given a moment to appreciate the historical, late Victorian architecture of the Strand Arcade.

After a day of working, or shopping, relieve your exhaustion by checking out the entertaining buskers on Pitt St, then step into the Strand Arcade where you will conveniently find this coffee lover's paradise. I can guarantee, just like myself, you'll be back again.
