

Green Earth Winterizer™ - Liquid Deicer

Liquid Acetate - Based Ice Melter

BENEFITS

- Non-chloride based, low corrosion
- Safe on roofs, will not cause corrosion of roofing materials
- Liquid formulation works fast, on contact
- Easy to handle, no agitation required
- Can be used for anti-icing, deicing, and prewetting solid
- Good tire tracking
- Is not slippery like common deicers
- Complimentary customer training upon request

PERFORMANCE

- ◆ Has low freeze point of -76°F (-60°C)
- ◆ Effective to -25°F (-32°C)
- ◆ When used as an anti-icer, GE Winterizer™ prevents bonding of snow/ice to pavement
- ◆ When used as a deicer, GE Winterizer™ breaks snow/ice bonds prior to mechanical removal
- ◆ Does not refreeze as fast as common deicers, the residual effect requires fewer applications
- ◆ Use as an additive to liquid salt brine to bring working temps down very low and require fewer applications - Saving money

ENVIRONMENT

- ★ Non-persistent, readily biodegrades at low temperatures
- ★ Low BOD and toxicity to fish, mammals, and vegetation
- ★ Does not contain nitrogen or chlorides
- ★ Recognized as "relatively harmless" by the U.S. Fish and Wildlife scale

(Simply the SAFEST anti-icer / deicer)
