

Extremely cost-effective, high-performance de-icer

Half the chlorides*

Works down to **25°** below!

Safer for pets!

Safer on the vegetation!

Sample texture, actual product may vary slightly

Only

Apply 5 - 7 lbs. per 1,000 square feet*
High-tech blend of specialized corrosion inhibitors, solar salt, proprietary, professional grade liquid ice melting accelerators

Proven more cost effective than traditional products at much lower temperatures*

*Normal use with average conditions, prices subject to change.

- Safer for roads, vegetation and sidewalks than rock salt
- Low toxicity (LD50)
- Less damage to concrete and vegetation*
- Quickly penetrates and dissolves snow and ice
- Green color to make spreading material easily visible
- Non-staining to concrete, asphalt, and shoes when used properly (benefit of using solar salt, not rock salt)

Green Earth Ice Melter™

Safer for pets, concrete, vegetation

We make it better!

Coated with Salt Saver II

(color degrades in sunlight)

Treated crystals shed their coating of Salt Saver to start the melting quickly. Once the brine begins to form, the solar salt will dissolve, even at temperatures below 17 degrees.
