

Clean Sweep™ - Liquid Deicer

Chloride-Free

BENEFITS

- Cost-effective and safe to use on parking ramps, inclines to parking areas, sidewalks, and driveways
- Safe on New Concrete: (just as safe as tap water)
- Low corrosion: contains no chlorides
- Safe for the environment: non-persistent, biodegradable
- Lasts longer: requires fewer applications
- Multi-purpose: anti-icing, deicing, and prewetting solids
- Low freezing point of -24° F
- When used as an anti-icer: 1/2 gallon per 1000 sq. feet - prevents adhesion of snow/ice to pavement
- When used as a deicer: 1-3 gallons per 1000 sq. feet - breaks snow/ice bonds prior to mechanical removal
- Readily biodegrades at low temps, has low BOD
- Low toxicity to fish and mammals
- Does not contain nitrogen, sodium, or chlorides
- Safe for vegetation

(Simply the SAFEST anti-icer – Low Cost)
