ABOUT NO MORE BOTTLES

A force for change in the UAE, we are raising awareness on the numerous benefits of filtered water and the dangers of Single Use Plastic Bottles.

We provide sustainable hydration solutions at your events to keep your competitors and spectators hydrated throughout whilst promoting sustainability and most importantly reducing plastic waste.

Start your sustainability journey with No More Bottles today.

Event Solutions

Mass gathering and large tournament events for:

- **Golf**
- **Cricket**
- **Rugby**
- **Marathons**
- **Cycling**
- **Sailing**
- **Olympic events**

No matter the event - we have a solution for you.

WHY SHOULD YOU PROMOTE SUSTAINABILITY?

How do YOU want your event remembered?

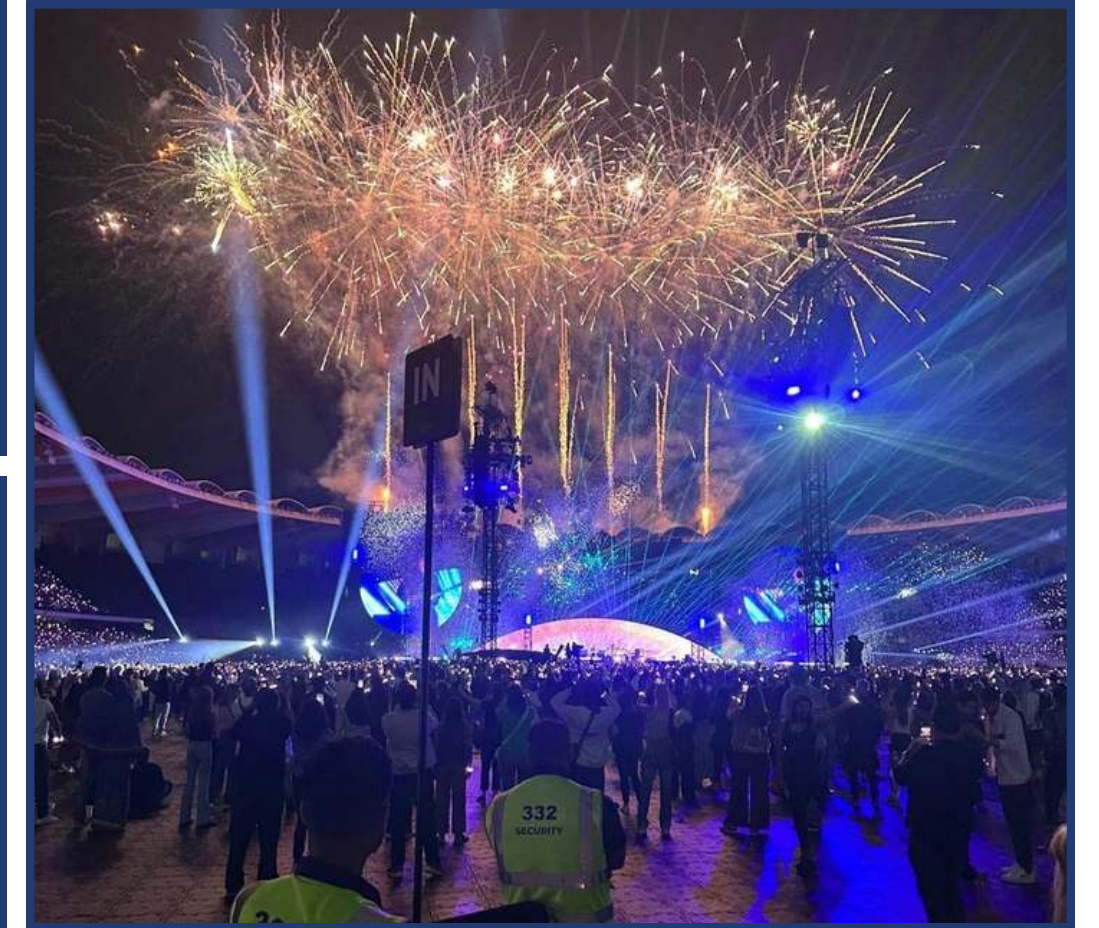

- **Environmental Impact** - Decreasing plastic usage at your event contributes to a smaller environmental footprint by reducing plastic waste.
- **Health and Safety** - Reducing plastic waste helps protect those in attendance by reducing their exposure to certain contaminants.
- **Enhanced Experience** - Implementing sustainable practices will elevate the experience for both participants and attendees, fostering an environment of eco-consciousness and social responsibility.
- **Brand Values** - Embracing sustainability showcases your dedication to the local environment.
- **Portability** - Our water walls are highly portable and can easily be put up and dismantled in a day, leaving no trace.
