## Toxic and Harmful Substances

Composition and amount of toxic or harmful substance in this product

Pb	Hg	Cd	Cr(Vi)	PBB	PBDE
0	0	0	0	0	0

0: Indicate that the content of harmful substances in all homogeneous materials is all lower than the prescribed limit of MCV (the standard 2002/95/EC/RoHs)

# TECHNICAL SPECIFICATION

Model	GT160
Dimensions	182.8mm*64.5mm*72mm
Inflation Pressure Range	4-160psi
Operating Temperature	-20-60 °C/ -4-140°F
Length of air hose	500mm
Battery Capacity	27.75Wh
Working Noise	Lower than 80dB within 1 meter
Input	5V $\equiv$ 2A, 9V $\equiv$ 2A (Max 18W)
Output	5V $\equiv$ 2A (Max 10W)
Input Port	USB Type-C
Output Port	USB-A
Charging Time	about 2h
Sensor Accuracy	$\pm$ 2psi

# FAQ

## **Q1: What is the operating temperature of this unit and how to store it?**

A: This unit is lithium polymer battery, operating temp is -20-60 °C/ -4-140°F. If the ambient temperature is higher than 60°C/140°F, the internal construction of the battery cells may be damaged, it may swell and become unsafe. So don't store the device in vehicle which parked in hot weather for long periods of time.

## **Q2: What should I do if this unit can't charge up?**

A: Charge it with a usb-c cable and wall charger for a full overnight period. If it still does not work, contact us at: [contact@gooloo.com](mailto:contact@gooloo.com) ( Attach your order ID).

## **Q3: What should I do if this unit can't charge other devices?**

A: Try to charge the device with another charging cable, If it works, which means the charging cable we provided is defective, we will provide you a new one; If it still does not work, please email us at: [contact@gooloo.com](mailto:contact@gooloo.com) ( Attach your order ID).

# FAQ

**Q4: Can this unit charge other devices while it is being charged?**

A: Yes.

**Q5: How often does this unit need to be recharged?**

A: It would be best to recharge it every 3 months.

**Q6: Why it shuts off in 30s when charging other devices?**

A. This unit may shut off automatically when charging for the devices that need light charging current, such as headphone, smart watch, etc since there is minimum load current limitation (200mA) on this unit, it will be automatically off after 30s if the load current is less than 200mA.

# WARNING

To protect the motor, when the temperature of the electric core is higher than 55 ° C, it will stop working, and when the temperature drops to 45 ° C, it will restart working. The Air Inflator's air hose may get very hot after inflating. To prevent injuries, exercise caution when disconnecting it from a valve.

1. Please read this user manual carefully before using this machine.
2. Please be careful when using this machine. If you do not follow the instructions, you may injure yourself or damage the equipment or vehicle battery.
3. Do Not allow people who do not have proper knowledge or ability to operate the device without supervision.
4. Do Not use this unit as a toy. Keep it away from children to avoid accident.
5. Do Not use this unit when any cable, clamp, or cord was damaged or when this unit was.
6. Don't over-discharge the unit (don't let the battery run out), charge it regularly, it would be best to recharge it every 3 months.
7. Do not operate this product in an explosive environment, such as a place where flammable liquid, gas or dust exists.
8. Do Not let the product be immersed in water.

# WARNING

9. Do not operate this product in an explosive environment, such as a place where flammable liquid, gas or dust exists.
10. Do not modify or disassemble this machine. Only service technicians can repair this equipment.
11. Do not expose the product to extreme heat or fire.
12. Do not drop or squeeze the device. If the device is hit hard or damaged in any other way, it should be inspected by a qualified battery technician.
13. Do not store in places where the temperature may exceed 60°C/140°F.
14. Only charge at ambient temperature of -10~45°C/14~113°F.
15. Under extreme conditions, the battery may leak. If there is a liquid leak from the device, do not handle it with bare hands. If there is skin contact, wash immediately with soap and water. If the liquid accidentally touches the eyes, immediately rinse the eyes with water for at least 10 minutes and seek medical help.
16. The device contains a lithium battery. At the end of the product's service life, or if the device leaks liquid, dispose of the device according to local regulations.
