This is a personal care product that is safe for consumers and other users under normal and usual conditions. If a large spill occurs avoid prolonged contact with skin and clothing. Surfaces may become slippery.

Section 9: Physical and Chemical Properties

Color, odor and appearance: transparent amber, viscous liquid

pH: 5-7

Flashpoint : Not available

Vapor Density: Not available

Boiling point: >200°F

Solubility in water: soluble

Section 9: Physical and Chemical Properties continued

Melting point: not applicable

Specific gravity: ~1.00

Explosive properties: Not explosive

Section 10: Stability and Reactivity

Product is stable and unreactive.

Section 11: Toxicological Information

Chronic effects: Not expected to have chronic health effects.

Target organs: No adverse health effects on target organs is anticipated from this product.

Carcinogenicity: Finished product is not expected to be carcinogenic

NTP: NO OSHA: NO IARC: NO

Section 12: Ecological Information

The product ingredients are expected to be safe for the environment at use concentrations. All packaging components are compatible with local and state disposal requirements and rules.
