If inhaled: Move to fresh air and obtain medical attention if symptoms occur.

In case of skin contact: Get medical attention if symptoms occur.

In case of eye contact: Flush with water for 15-20 minutes is recommended; obtain medical attention if symptoms occur.

If swallowed: Do not induce vomiting and obtain medical attention if symptoms occur.

Protection for first aid responders: No special precautions are necessary.

Notes to physicians: Treat symptomatically and supportively.

---

### Section 5: Fire-Fighting Measures

This product is combustible per FHSA (16 CFR 1500) but not flammable or explosive.

Suitable extinguishing media: Water spray, alcohol resistant foam, dry chemical or carbon dioxide (CO<sub>2</sub>)

Explosion hazard: No applicable information has been found.

Firefighting instructions: Use self-contained breathing apparatus and full protective gear if large quantities are involved. Thermal degradation may also produce oxides of carbons and/or nitrogen and silicones.

---

### Section 6: Accidental Release Measures

Procedures for spill/leak clean-up:

For household settings: absorb liquid and scrub area with detergent. Surfaces exposed may be slippery.

For non-household settings: Use safety glasses/goggles and gloves or aprons if splash hazards exist. Absorb liquid and clean area with detergent. Surfaces exposed may be slippery.

---

**Section 7: Handling and Storage**

No unusual or special handling or storage requirements. Warehouse storage of large quantities should be in well ventilated, cool area.

---

**Section 8: Exposure Controls/Personal Protection**

This is a personal care product that is safe for consumers and other users under normal and usual conditions. If a large spill occurs avoid prolong contact with skin and clothing.

---

**Section 9: Physical and Chemical Properties**

Color, odor and appearance: colorless liquid with characteristic odor.

pH: no data available

Flashpoint: 132°F Tag closed cup

Vapor Density: Not applicable

Boiling point: >200°F

Solubility in water: insoluble

Melting point: not applicable

Specific gravity: 0.96

Explosive properties: Not explosive

---

**Section 10: Stability and Reactivity**

If presented with a flame, this product will burn.

Conditions to avoid: No applicable information found.

Other recommendations: none

---

**Section 11: Toxicological Information**

Chronic effects: Not expected to have chronic health effects.

Target organs: No adverse health effects on target organs are anticipated from this product.

Carcinogenicity: Finished product is not expected to be carcinogenic

NTP: NO      OSHA: NO      IARC: NO

---

**Section 12: Ecological Information**

The product ingredients are expected to be safe for the environment at use concentrations.

Cylcopentasiloxane in this product may be toxic to fish and aquatic life so large spills should be contained. All packaging components are compatible with local and state disposal requirements and rules.

---

**Section 13: Disposal Considerations**

Dispose of unused or used product according to Federal, state and local regulations. For both household and non-household settings, do not discharge product into natural waters without pre-treatment or adequate dilution. When disposed of as waste in a non-household setting it is considered as non-hazardous per Federal RCRA regulations.

---

**Section 14: Transport Information**

US DOT information:

Hazard Class: ORM-D      Proper ship name: Limited quantity  
Packing group III      Shipping label: consumer commodity

International Air transportation (ICAO/IATA) Information:

Hazard class: 3      Proper ship name: consumer commodity      Packing Group: III  
Shipping label information: Limited quantity

Water transportation (IMO/IMDG):

Hazard Class: 3      UN Number: UN 1993 Flammable liquid N.O.S. (Cyclopentasilolane)  
Packing Group: III      Shipping Label: Limited quantity

---

**Section 14: Transport Information continued:**

If the quantity being shipped exceeds the limited quantity or maximum net quantity requirements as stated in IATA/IMDG/DOT/CFR49 and/or is not retail packed the item classification will shift to a more specific proper shipping name and classification.

---

**Section 15: Regulatory Information**

This product is regulated as a cosmetic by FDA (US), HPB (Canada), Cosmetic Directive (EU).  
SARA Title 3: This product contains no chemicals that require reporting.

---

**Section 16: Other Information**

This SDS is intended to provide a brief overview and summary of our knowledge and guidance regarding the use of this product. The information has been compiled by Agadir and is thought to be dependable and accurate to the best of our knowledge. It is not meant to be an all-inclusive document. This document is offered in good faith. Each user of this material needs to evaluate the situation and conditions of use and design those mechanisms to prevent personal and property exposure and release to the environment. Agadir assumes no responsibility for injury to the recipient or third persons or for any damage to any property from misuse of this product.
