This is a personal care product that is safe for consumers and other users under normal and usual conditions. If a large spill occurs avoid prolong contact with skin and clothing.

---

---

### Section 9: Physical and Chemical Properties

Color, odor and appearance: colorless liquid with characteristic odor.

Physical state: liquid

pH: no data available

Flashpoint: 134°F Tag closed cup

Vapor Density: Not applicable

Boiling point: >200°F

Solubility in water: insoluble

Melting point: not applicable

Specific gravity: less than 1

Explosive properties: Not explosive

---

### Section 10: Stability and Reactivity

Conditions to avoid: Avoid exposure of liquid to fire or flame as it is combustible and will burn.

Other recommendations: None

---

### Section 11: Toxicological Information

Chronic effects: Not expected to have chronic health effects.

Target organs: No adverse health effects on target organs is anticipated from this product.

Carcinogenicity: Finished product is not expected to be carcinogenic

NTP: NO      OSHA: NO      IARC: NO

---

### Section 12: Ecological Information

The product ingredients are expected to be safe for the environment at use concentrations and accidental spills. All packaging components are compatible with local and state disposal requirements and rules.
