	2. HAZARDS IDENTIFICATION
<u>Classification</u>	

This chemical is considered hazardous by the 2012 OSHA Haza	ard Communication Standard (29 CFR 1910.1200).
Skin corrosion/irritation	Category 2
Serious eye damage/eye irritation	Category 1
Skin sensitization	Category 1
GHS Label elements, including precautionary statements	
Emergenc	y Overview
	-
Signal word	
Danger	

Hazard Statements Causes skin irritation Causes serious eye damage May cause an allergic skin reaction

Appearance Red/Orange, translucent	

Physical state Solid

Odor Characteristic	

Wash face, hands ar Wear protective glov Avoid breathing dust	ements - Prevention ad any exposed skin thoroughly after handling es/protective clothing/eye protection/face protection /fume/gas/mist/vapors/spray clothing should not be allowed out of the workplace
Precautionary State Specific treatment (s	ements - Response ee supplemental first aid instructions on this label)
	autiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing DISON CENTER or doctor/physician
Take off contaminate	vith plenty of soap and water d clothing and wash before reuse sh occurs: Get medical advice/attention
Precautionary State	ements - Storage
Precautionary State Dispose of contents/	ements - Disposal container to an approved waste disposal plant
Hazards not otherw	rise classified (HNOC)
Not applicable	
Unknown Toxicity 15.214876 % of the	nixture consists of ingredient(s) of unknown toxicity
Other information	
	e with long lasting effects ed skin contact may cause allergic reactions with susceptible persons
Interactions with O Use of alcoholic beve	ther Chemicals erages may enhance toxic effects.
	3. COMPOSITION/INFORMATION ON INGREDIENTS

4. FIRST AID MEASURES				
First aid massures				
First aid measures				
General Advice	Show this safety data sheet to the doctor in attendance. Immediate medical attention is required.			
	Tequireu.			
Eye contact	Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Keep eye wide open while rinsing. Remove contact lenses, if present and easy to do. Continue rinsing. Do not rub affected area. Seek immediate medical attention/advice.			
Skin contact	Wash off immediately with soap and plenty of water for at least 15 minutes. May cause an allergic skin reaction. In the case of skin irritation or allergic reactions see a physician.			
Inhalation	Remove to fresh air.			
Ingestion	Rinse mouth immediately and drink plenty of water. Never give anything by mouth to an unconscious person. Do NOT induce vomiting. Call a physician.			

Self-protection of the first aider	Avoid contact with skin, eyes or clothing. Use personal protective equipment as required. Wear personal protective clothing (see section 8).			
Most important symptoms and effect	cts, both acute and delayed			
Most Important Symptoms and Effects	Burning sensation. Itching. Rashes. Hives.			
Indication of any immediate medical attention and special treatment needed				
Notes to Physician	May cause sensitization in susceptible persons. Treat symptomatically.			

## 5. FIRE-FIGHTING MEASURES

Suitable Extinguishing Media Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

<u>Unsuitable extinguishing media</u> CAUTION: Use of water spray when fighting fire may be inefficient.

<u>Specific hazards arising from the chemical</u> Product is or contains a sensitizer. May cause sensitization by skin contact.

Uniform Fire Code Sensitizer: Solid Irritant: Solid				
--	--	--	--	--

Explosion Data	

Sensitivity to Mechanical Impact		Γ
	None.	

Sensitivity to Static Discharge		
	None.	

#### Protective equipment and precautions for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

## 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

 Personal precautions
 Avoid contact with skin, eyes or clothing. Ensure adequate ventilation. Use personal protective equipment as required.

Other Information		
	Refer to protective measures listed in Sections 7 and 8.	

Environmental precautions

Environmental precautions		Γ
	Prevent further leakage or spillage if safe to do so.	l

Methods	and	material	for	containment	and	<u>cleaning</u>	<u>up</u>

Methods for containment	Prevent further leakage or spillage if safe to do so.	
		1

Methods for cleaning up		
	Pick up and transfer to properly labeled containers.	

7. HANDLING AND STORAGE

Precautions for safe handling

T	Handling		
		Handle in accordance with good industrial hygiene and safety practice. Avoid contact	
		with skin, eyes or clothing. Do not eat, drink or smoke when using this product. Take	
		off contaminated clothing and wash before reuse.	

Conditions for safe storage, including any incompatibilities

Storage		
	Keep containers tightly closed in a dry, cool and well-ventilated place. Store locked	
	up. Keep out of the reach of children.	

## 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

## **13. DISPOSAL CONSIDERATIONS**

	Π

Waste treatment methods

Disposal methods	This material, as supplied, is not a hazardous waste according to Federal regulations (40 CFR 261). This material could become a hazardous waste if it is mixed with or otherwise comes in contact with a hazardous waste, if chemical additions are made to this material, or if the material is processed or otherwise altered. Consult 40 CFR 261 to determine whether the altered material is a barendous waste.	
	261 to determine whether the altered material is a hazardous waste. Consult the appropriate state, regional, or local regulations for additional requirements.	

Contaminated Packaging		l
	Dispose of contents/containers in accordance with local regulations.	l

California Hazardous Waste		Π	Π
Codes	561
